What's the matter Doctor? You live in such fear that the truth about you will fully get around, especially to the Dog.

We love to watch you and laugh at you. Lol lol

You should see yourself through rational minded eyes Doctor Crazy, You too would be laughing, but you are to mentally ill to see your own failed truth.

Every time u write under the dogs name, I am going to keep posting videos about her. Soon I will post the truth about her as well.

The dog has a tired looking stretched out old body already that's why you both love to watch us? You are without a doubt, the loneliest man I have ever seen. That little pink freckled dick you sport and lie about is disgusting looking.

Our game has only just begun Mr Broke Loser Fraudster.

PS.. I raised over one million pesos in 2020, You can't even beg and get 25,000, lol lol

Keep watching me Doctor, I am the man you wish you could be.

Bye, bye doctor Abrams Remember every time you even infer about me, I'm going to place forth more about you... I have a private by invitation only web site and we know all about you...fraudster.

Your fantasy

Mr Joe
